

Christopher Blaine Winslow

Salem, VA • 540-354-2618 • blaine.winslow@gmail.com • Title: Delivery Driver / Logistics

Professional Summary

Dependable, safety-focused delivery driver with ride-share and food service logistics experience. Strong record of on-time deliveries, customer service, route optimization, and handling cash or POS transactions. Comfortable navigating city and regional routes, managing time-sensitive deliveries, and maintaining vehicle readiness.

Core Competencies

- Safe driving & defensive driving practices • Route planning & GPS navigation
 - Customer service & conflict resolution • On-time delivery & schedule adherence
 - Cargo handling, temperature-sensitive food transport, and basic vehicle checks
 - POS handling, cash reconciliation, and order verification
 - Time management, reliability, and ability to work independently
-

Professional Experience

Lyft — *Driver (Independent Contractor)*

Mar 2023 – Jun 2023 - Provided safe, timely passenger transport with a focus on customer satisfaction and on-time arrivals.

- Managed efficient route planning, navigation, and time optimization using smartphone GPS and local knowledge.
- Maintained vehicle cleanliness, safety, and performed basic mechanical checks.

The Paper Dragon (food truck) — *Culinary Partner / Delivery & Logistics Support*

May 2024 – Present (part-time) - Managed pickup, transport, and on-site setup for events; coordinated logistics for food service and inventory movement.

- Worked with POS systems and cash handling during events; ensured timely service during high-volume service windows.

The Coffee Pot — *Line Cook / Solo Shift Operator*

Oct 2023 – May 2024 - Operated solo kitchen shifts, managed order flow, and ensured timely dish completion and pickup—skills directly transferrable to quick, accurate delivery operations.

Good Vibes Shop — *Retail Associate*

June 2023 – Sept 2023 - Handled register reconciliation, customer service, and inventory stocking—demonstrated responsibility for cash and merchandise accuracy.

Education & Certifications

Radford University — B.B.A., Finance (May 2011)

Virginia Commonwealth University — M.S., Decision Analytics (2015)

Driver Credentials / Safety - Recommend adding: valid driver's license class (specify), clean driving record statement, defensive driving course (if completed)

Selected Improvements / Next Steps

1. **Add driving-specific credentials** — provide driver's license class, endorsements (CDL if applicable), and driving-record summary.
 2. **Quantify reliability metrics** — e.g., number of rides completed (Lyft), customer rating, on-time % if available.
 3. **Include references or verification** — contact for routine reliability checks (e.g., current Paper Dragon owner Joe) and add a short background check note if you have one.

Notes

This version focuses on delivery and logistics skills, transferable from rideshare and food truck experience. If you want a version targeted specifically to courier (parcel) companies (UPS/FedEx/USPS) or gig-delivery (DoorDash/Instacart), I will tailor language and required certifications accordingly.
